

Maintenance Worker (Operator) – Casual Position

Port of Argentia, Argentia, NL

Port of Argentia Inc. (the Port), is a corporation registered under the laws of Newfoundland & Labrador with the mandate to provide effective stewardship of the seaport and industrial property at Argentia, NL. The Port is seeking to fill the position of Maintenance Worker (Operator) on a casual basis.

Maintenance Worker (Operator)

The Maintenance Worker (Operator), Casual is a key member of the property maintenance team. Under the direction of the Port Operations Supervisor, the Maintenance Worker (Operator) Casual performs a variety of repair and maintenance tasks to support safe and efficient operations within the marine terminal as well as across the Port's 3000-acre industrial property, which includes buildings, equipment, and grounds.

Key areas of responsibility include:

Site monitoring; scoping, planning, and scheduling of maintenance and repairs; safely executing maintenance and repair activities; providing advice and recommendations on property and port maintenance as requested, completing other duties as assigned, and demonstrating commitment to occupational health & safety (OH&S).

The ideal candidate will have:

- a recognized certificate or diploma in automotive or heavy equipment repair and/or equipment operations combined with at least two (2) years experience in port operations and facilities maintenance or a related field.
- knowledge of tenants, port users & other stakeholders in the Argentia operating environment.
- good organizational and time management abilities, and the ability to function within and support a team working environment.
- ability to effectively handle multiple conflicting priorities and work well under pressure.

Qualified candidates are encouraged to apply to:
